

This Week's D6 Family Theme: Believe

The world would have us believe there are many ways to get to Heaven. The Bible tells us there is only one way, and that is through faith in Jesus Christ. Play a board game with your family. Follow the instructions very carefully. When you have finished the game, point out that there is only one proper way to play the game. Explain to your family that the only way to have salvation-to know the Father-is through the Son.

Grass Roots

While cutting my grass last summer I had a revelation of what "grass roots" is all about. I hear this term used at many social events. Grass roots movements seem to be very popular during election season. But on this particular day in August, I fully understood "grass roots." As I was trimming the weeds on a hillside near my home, I slipped and busted my rump. While laying on the ground, I noticed this particular spot was bare and had no grass. The ground was loose which caused me to lose footing. As I dusted myself off and picked up my weed eater, I slid over onto solid ground. *Solid ground...What caused this area to be solid?* As I pondered this question, I grabbed a handful of grass and noticed

how the roots clumped together to form a solid bond with the earth. Not only do roots keep the grass planted into the ground, but it also forms a solid bond with the dirt around it.

As a body of believers, we can apply this natural occurrence to society. We (Christians) are the grass, God is our root, and the community is the dirt. We have to plant ourselves in the dirt and allow God to form a solid bond with our community. Seeing how dirt does not produce grass, we (the grass) have to seed and fertilize the dirt to produce more grass (grass produces grass). As the grass grows, the roots grow deeper. As we learn to get along and love one another, our roots will grow deep and our communities will become stronger.

Now, if only I could get grass to grow in the loose dirt, maybe I won't fall again while cutting grass this summer.

Memorial Day 2014

Next weekend is Memorial Day weekend. It's the start of the Summer season, For some folks, it's a time to travel and visit friends and family, or just take that much needed break from work and go to the beach. But for some, it's a time to reflect on family or friends that have gone on to be with the Lord. For our service men and women in uniform, this day holds a special place in our hearts. Not since the 1970's has there been a draft. So everyone that has served since then has volunteered to protect this country, and our way of life. So this week I ask you to take a few moments and pray for our service men and women, of today, and of the past. And if you love and enjoy the freedoms that we have, seek out and find a veteran or active duty member of the armed services and thank him or her for their service. May God Bless You.
